

Las Colinas Golf Club Memberships

Easy Access

Las Colinas Golf Club is a public facility, so there are no restrictions — anyone can book a tee time and play. Our course is open to the public, but we also offer memberships for those who want access to things like priority tee times, waived green fees, and other enviable perks

Better Pace of Play

With open access at the cheapest price point, public courses can quickly get overrun and overbooked. These municipal courses are also where beginning golfers often get their start. Add these factors together, and you'll often find a very busy, backed-up course. Alternatively, Las Colinas will be much less crowded, resulting in a better pace of play — and more enjoyable experience for all

What are the benefits of being a Member at Las Colinas Golf Club? All levels of Las Colinas GC memberships ***INCLUDE*** unlimited golf and cart use during active membership, discounted green fees for guest of a member (15% off rack rate), advanced access for booking tee times (21 Days), driving range pass for unlimited practice at the Birdie Academy, and 20% off golf shop apparel, 10% off hard goods. Members could play in Monthly Member tournaments, the Member/Guest tournament, the Member/Member tournament and the Las Colinas Club Championship. In addition, all members will be able to take lessons and participate in group clinics at discounted rates with our Director of Instruction, Justin Searles, PGA Associate. Your membership will also include your Arizona Golf Association GHIN membership.

See you on the First Tee!

Bernie Blan, PGA Director of Operations
